<b>Professional Biography</b>	<p>I had executive director roles in the membership-based organisations I worked for, all of which were governed by a Board of Management. Through these roles I developed a passion for governance in membership-based organisations to ensure that members' needs were met through the governance policies of the Board of Management.</p>
<b>What can I bring to your chorus, quartet and singers?</b>	<p>I bring the passion I have for mentoring management team members to understand the role of governance documents and how they make their job as a management team member easier and less complicated.</p> <p>I am also very excited about assisting choruses in making sure their strategic plans are simple and always relate back to their vision and intentions to keep them moving forward. I can assist with the development of their vision and planning.</p> <p>Having been involved in the Region Webinars, I can also assist with specific areas such as financial planning and management, membership retention and growth, understanding the role of management team members and leadership development.</p>
